U.S. Office of Personnel Management
FPM Chapter 295 USAPPC V1.00

INTRODUCTION

This position is located in the Cost Analysis and Systems Division of the Directorate for Resources Management of Simulation, Training and Instrumentation Command (STRICOM), a major subordinate Command of the US Army Materiel Command (AMC). Serves as Operations Research Analyst in the areas of operations research, economic and cost analysis in support of STRICOM development, acquisition and support programs. These analyses will be performed in support of both the Command Group and ACAT I - IV programs for the Project Managers located at the command.

MAJOR DUTIES

1. Using statistical, mathematical and modeling techniques, supports the development, analysis and validation of life cycle cost estimates prepared for complex simulator, training and instrumentation systems. Participates as a team member of a multi-disciplinary team to develop and document a fully supportable and defensible life cycle cost estimate. Implement guidance and direction associated with the development methodology, presentation, documentation and format of cost estimates as well as the treatment of inherited assets, residual value, application of inflation and escalation indices and other cost analysis issues. Interfaces with Headquarters AMC and U.S. Army Cost and Economic Analysis Center (CEAC) for review and validation of major STRICOM system estimates.

35%

2. Provides for continuous improvement of the STRICOM Cost Analysis processes, tools and methodologies by collecting, compiling and analyzing historical cost data, both government and contractor proprietary, to develop parametric Cost Estimating Relationships (CERs) and standard cost factors. Evaluates, develops, and maintains life cycle cost models for use in cost studies, cost variance analyses, sensitivity analyses, etc. This process involves the utilization of computer databases and statistical analysis tools such as; regression analyses, confidence testing, curve fitting, statistical inference, software estimating models, Earned Value Management System (EVMS) analysis tools, risk models, etc.

10%

3. Plans, develops and implements the application of Contractor Performance Measurement (Earned Value Management System (EVMS), Cost Performance Reporting (CPR), Cost/Schedule Status Reporting

(C/SSR), etc.) on STRICOM development and acquisition contracts. Participates in EVMS reviews of contractor's management and accounting systems as appropriate to assure that the contractor's performance measurement system is compliant with the EVMS and that the system has been effectively applied on the STRICOM contract. Analyzes contractor cost and schedule performance, identifies trends and develops independent estimates at completion. Provides analysis to program team members, Project Directors, STRICOM Program Managers, on a recurring basis (monthly as a minimum).

15%

4. Participates as a team member of multi-disciplined professionals in the conduct of the cost realism evaluation portion of the STRICOM source selection process. Applies the cost realism approach to be followed. Supports the development of the cost proposal/evaluation sections of the request for Proposal (RFP), Source Selection Evaluation Plan (SSP), Proposal Evaluation Plan (PEP), and Source Selection Evaluation Board (SSEB) "best value" determinations. As an SSEB team member, supports all analysis/issues pertaining to cost and contractor performance management. Participates in the award decision process by recommendation of alternative cost tradeoffs and doing insightful comparative analyses between the offerors.

30%

5. Participates in the planning, development, and review of comprehensive economic analyses for alternative investment decisions to provide the STRICOM Command Group, Program Managers, Commander HQ AMC and the Secretary of the Army's Staff with quantitative and qualitative basis to assist in the materiel acquisition program decision process. Participates in the conduct of special studies and analyses directly for the Resources Manager and/or the STRICOM Commander.

10%

Performs other duties as assigned.

with general guidance. Work is accomplished with some supervisory oversight. Works under the leadership of Senior Cost Analyst to develop plan of action and methodology for conducting analyses. Completed work is reviewed in terms of meeting established goals, technical accuracy, compliance with established policies and procedures and overall effectiveness of the program support provided.

FACTOR 3 - GUIDELINES

Guidelines consist of STRICOM, AMC, DA, and Office of the Secretary of Defense (OSD) cost and economic analysis policies, directives, and regulations (5000.2-R). As well as the Federal Acquisition Regulations (FAR), and current Acquisition Reform Policy.

FACTOR 4 - COMPLEXITY

Analytical assignments involve the active participation as a multi-disciplinary integrated product team member to develop Program Life Cycle Cost Estimates (PLCCEs), Economic Analyses and Cost Realism Evaluations in support of STRICOM, HQ AMC, and Department of the Army major milestone decisions and major acquisition programs. Incumbent works with the Senior Cost Analyst to determine the scope of the analysis, develop the analysis plan and methodology, assign segments of the effort to the appropriate technical team members, directs the efforts of other team members, analyzes technical inputs and develops and documents the results of the analysis. Applies operation research theories to develop and improve the STRICOM resource allocation and execution process.

FACTOR 5 - SCOPE AND EFFECT

Performs as a team member responsible for development of the estimated cost of STRICOM major system development and acquisition programs. Estimates serve as the primary cost information supporting STRICOM, AMC, and DA program milestone decision reviews and will ultimately effect the determination to continue or terminate the program. Analyses are used by STRICOM PMs, HQ AMC, and the DA staff to monitor and control the cost and schedule performance of major STRICOM development and production programs. The results of the Cost Realism Evaluation represent the Government evaluated cost in all STRICOM "best value" source selection decisions. Evaluations must be conducted in accordance with the Federal Acquisition Regulation

NL11585

(FAR) and must be sustainable under contractor protest in Federal Court.

FACTOR 6 & 7 - PERSONAL & PURPOSE OF CONTACTS

Persons contacted include STRICOM Project Directors, technical IPT members representing each Directorate, Program Managers, and the Command Group. In addition estimates and analyses are coordinated with HQ AMC and the DA staff. Purpose of contacts is to compile programmatic and technical information to estimate and/or evaluate the cost of STRICOM programs, as well as to brief and defend the results of the analyses and present recommendations up through the DA level and occasionally to OSD.

FACTOR 8 - PHYSICAL DEMANDS

The work is sedentary.

FACTOR 9 - WORK ENVIRONMENT

Work is performed in a typical office setting.

NON-CRITICAL ACQUISITION POSITION AMENDMENT TO PD# 11585

"The employee must meet DoD 5000.52-M requirements applicable to the duties of the position."
